

# SAFETY DATA SHEET

Be Right<sup>™</sup>

Issue Date 15-Aug-2018 Revision Date 17-Aug-2018 Version 7.2 Page 1/18 **1. IDENTIFICATION** Product identifier **Product Name** StablCal® Standard, 1.0 NTU Other means of identification Product Code(s) 2659849 Safety data sheet number M01360 Recommended use of the chemical and restrictions on use **Recommended Use** Laboratory Use. Standard solution. Uses advised against None. **Restrictions on use** None. Details of the supplier of the safety data sheet

**Manufacturer Address** Hach Company P.O.Box 389 Loveland, CO 80539 USA +1(970) 669-3050

#### Emergency telephone number

+1(303) 623-5716 - 24 Hour Service +1(515)232-2533 - 8am - 4pm CST

### 2. HAZARDS IDENTIFICATION

#### Classification

#### **Regulatory Status**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Respiratory sensitization | Category 1 |
|---------------------------|------------|
| Skin sensitization        | Category 1 |

#### Hazards not otherwise classified (HNOC)

Not applicable

#### Label elements

Signal word - Danger

**Hazard statements** 

H317 - May cause an allergic skin reaction H334 - May cause allergy or asthma symptoms or breathing difficulties if inhaled

#### Precautionary statements

P261 - Avoid breathing dust/fume/gas/mist/vapors/spray

P285 - In case of inadequate ventilation wear respiratory protection

P304 + P341 - IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing

P342 + P311 - If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician

P501 - Dispose of contents/ container to an approved waste disposal plant

P272 - Contaminated work clothing should not be allowed out of the workplace

P280 - Wear protective gloves/protective clothing/eye protection/face protection

P302 + P352 - IF ON SKIN: Wash with plenty of soap and water

P333 + P313 - If skin irritation or rash occurs: Get medical advice/attention

P363 - Wash contaminated clothing before reuse

#### Other Hazards Known

Not applicable

### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

Substance Not applicable

<u>Mixture</u>

#### **Chemical Family**

Mixture.

Percent ranges are used where confidential product information is applicable.

| Chemical name                                | CAS No.   | Percent<br>Range | HMRIC # |
|--|-----------|------------------|---------|
| 1,3,5,7-Tetraazatricyclo[3.3.1.1(3,7)]decane | 100-97-0  | 5 - 10%          | -       |
| Sodium sulfate                               | 7757-82-6 | <1%              | -       |
| Formaldehyde                                 | 50-00-0   | <0.1%            | -       |
| Ammonium sulfate                             | 7783-20-2 | <0.01%           | -       |

### **4. FIRST AID MEASURES**

#### Description of first aid measures

| General advice                     | Show this safety data sheet to the doctor in attendance.  |
|------------------------------------|---|
| Inhalation                         | May cause allergic respiratory reaction. If breathing has stopped, give artificial respiration.<br>Get medical attention immediately. Remove to fresh air. Avoid direct contact with skin. Use<br>barrier to give mouth-to-mouth resuscitation. Get immediate medical advice/attention. |
| Eye contact                        | Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.  |
| Skin contact                       | Wash with soap and water. May cause an allergic skin reaction. In the case of skin irritation or allergic reactions see a physician.  |
| Ingestion                          | May produce an allergic reaction. Do NOT induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Get immediate medical advice/attention.   |
| Self-protection of the first aider | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Avoid contact with skin, eyes or   |
|                                    |   |

#### Product Name StablCal<sup>®</sup> Standard, 1.0 NTU Revision Date 17-Aug-2018 Page 3 / 18

clothing. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation.

#### Most important symptoms and effects, both acute and delayed

SymptomsMay cause allergy or asthma symptoms or breathing difficulties if inhaled. Coughing and/ or<br/>wheezing. Itching. Rashes. Hives.

#### Indication of any immediate medical attention and special treatment needed

**Note to physicians** May cause sensitization in susceptible persons. Treat symptomatically.

### **5. FIRE-FIGHTING MEASURES**

| Suitable Extinguishing Media                      | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                  |
|---|--|
| Unsuitable Extinguishing Media                    | Caution: Use of water spray when fighting fire may be inefficient.   |
| Specific hazards arising from the chemical        | Product is or contains a sensitizer. May cause sensitization by inhalation and skin contact.<br>May cause sensitization by skin contact. |
| Hazardous combustion products                     | This material will not burn.   |
| Special protective equipment for<br>fire-fighters | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear.  |

#### 6. ACCIDENTAL RELEASE MEASURES

| U.S. Notice | Only persons properly qualified to respond to an emergency involving hazardous substances may respond to a spill according to federal regulations (OSHA 29 CFR 1910.120(a)(v)) and per your company's emergency response plan and guidelines/procedures. See Section 13, Special Instructions for disposal assistance. Outside of the US, only persons properly qualified according to state or local regulations should respond to a spill involving chemicals. |
|-------------|--|
|             |  |

Personal precautions, protective equipment and emergency procedures

| Personal precautions | Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Use personal                                |
|----------------------|---|
|                      | protective equipment as required. Evacuate personnel to safe areas. Keep people away from and upwind of spill/leak. |

Other Information Refer to protective measures listed in Sections 7 and 8.

Environmental precautions

Environmental precautions Prevent further leakage or spillage if safe to do so.

#### Methods and material for containment and cleaning up

| Methods for containment         | Prevent further leakage or spillage if safe to do so.                                |
|---------------------------------|--|
| Methods for cleaning up         | Pick up and transfer to properly labeled containers.                                 |
| Prevention of secondary hazards | Clean contaminated objects and areas thoroughly observing environmental regulations. |
| Reference to other sections     | See section 8 for more information. See section 13 for more information.             |

### 7. HANDLING AND STORAGE

#### Precautions for safe handling

| Advice on safe handling              | Handle in accordance with good industrial hygiene and safety practice. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Provide extract ventilation to points where emissions occur. In case of insufficient ventilation, wear suitable respiratory equipment. Do not eat, drink or smoke when using this product. Remove contaminated clothing and shoes. Take off contaminated clothing and wash before reuse. |
|--------------------------------------|---|
| Conditions for safe storage, includi | ng any incompatibilities  |
| Storage Conditions                   | Keep containers tightly closed in a dry, cool and well-ventilated place. Store locked up. Keep out of the reach of children.  |
| Flammability class                   | Not applicable  |

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Control parameters

#### **Exposure Guidelines**

| Chemical name | ACGIH TLV     | OSHA PEL                 | NIOSH IDLH              |
|---------------|---------------|--------------------------|-------------------------|
| Formaldehyde  | STEL: 0.3 ppm | TWA: 0.75 ppm            | IDLH: 20 ppm            |
| CAS#: 50-00-0 | TWA: 0.1 ppm  | (vacated) TWA: 3 ppm     | Ceiling: 0.1 ppm 15 min |
|               |               | (vacated) STEL: 10 ppm   | TWA: 0.016 ppm          |
|               |               | (vacated) Ceiling: 5 ppm |                         |
|               |               | STEL: 2 ppm              |                         |

| Appropriate engineering controls<br>Engineering Controls     | Showers<br>Eyewash stations<br>Ventilation systems.   |
|--|---|
| Individual protection measures, su<br>Respiratory protection | ch as personal protective equipment<br>No protective equipment is needed under normal use conditions. If exposure limits are<br>exceeded or irritation is experienced, ventilation and evacuation may be required.                  |
| Hand Protection  | Wear suitable gloves.   |
| Eye/face protection  | Wear safety glasses with side shields (or goggles).   |
| Skin and body protection                                     | Wear suitable protective clothing.  |
| General Hygiene Considerations                               | Avoid contact with skin, eyes or clothing. Wear suitable gloves and eye/face protection. Do not eat, drink or smoke when using this product. Remove and wash contaminated clothing and gloves, including the inside, before re-use. |
| Environmental exposure controls                              | Local authorities should be advised if significant spillages cannot be contained. Do not allow into any sewer, on the ground or into any body of water.   |
| Thermal hazards  | None under normal processing.   |

### **10. STABILITY AND REACTIVITY**

Reactivity Not applicable.

Chemical stability Stability

Stable under normal conditions.

Explosion data Sensitivity to Mechanical Impact None Sensitivity to Static Discharge None.

<u>Possibility of Hazardous Reactions</u> Possibility of Hazardous Reactions None under normal processing.

Hazardous polymerization None under normal processing.

Conditions to avoidNone known based on information supplied.

Incompatible materials Incompatible materials

Strong oxidizing agents, strong acids, and strong bases.

#### Hazardous Decomposition Products

Ammonia. Carbon monoxide. Formaldehyde. Nitrogen oxides. Sodium oxides. Sulfur oxides.

### **11. TOXICOLOGICAL INFORMATION**

#### Information on Likely Routes of Exposure

| IMDG                           | Not regulated                     |
| Note:                          | No special precautions necessary. |

#### Additional information

There is a possibility that this product could be contained in a reagent set or kit composed of various compatible dangerous goods. If the item is not in a reagent set or kit, the classification given above applies.

If the item is part of a reagent set or kit the classification would change to the following:

UN3316 Chemical Kit, Hazard Class 9, Packing Group II or III.

If the item is not regulated, the Chemical Kit classification does not apply.

### **US Federal Regulations**

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

| Chemical name                       | SARA 313 - Threshold Values % |
|-------------------------------------|-------------------------------|
| Formaldehyde (CAS #: 50-00-0)       | 0.1                           |
| Ammonium sulfate (CAS #: 7783-20-2) | 1.0                           |

#### SARA 311/312 Hazard Categories

| Acute health hazard               | Yes |
|-----------------------------------|-----|
| Chronic Health Hazard             | Yes |
| Fire hazard                       | No  |
| Sudden release of pressure hazard | No  |
| Reactive Hazard                   | No  |

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

| Chemical name           | CWA - Reportable<br>Quantities | CWA - Toxic Pollutants | CWA - Priority<br>Pollutants | CWA - Hazardous<br>Substances |
